

Leica Geosystems Licence Activation Guide

Licence Activation for GS08plus

Dear valued customer...

Thank you for purchasing a licence for our product. The following instructions will guide you through the licence activation process.

 Please register your product at myWorld.leica-geosystems.com, our internet platform for our customers. myWorld provides 24/7 access to all information you require to actively manage your equipment. Here, detailed information on individual products and their service history can be found. The information also aids in maintaining the product value while at the same time enabling maximum efficiency and productivity.

A CS10 must be connected to the product to activate a licence key.

The licence key is stored on the GS.

Activate licence

 The procedure is valid for any licence key.

Step	Description
	You can download licence keys from myWorld. Refer to "Download licence".
	To upload a licence key, store the licence key file (for example L_2500123.key) in the \SYSTEM directory of the data storage device. Insert the data storage device into your product.
1.	Turn on the product.
2.	Go to User\Tools & other utilities\Load licence keys .
3.	Select Load key: Upload key from file Device: Select your data storage device in use. Click OK . The licence is activated and can be used.
	If a software maintenance licence was activated refer to "Update software" to update the software on the product.
